<http://regencyboston.hyatt.com> for directions; T Train at hotel door; ph (617) 912-1234

**One Ave de Lafayette, Boston MA 02111**

**Meryle Lehn** BOT (c) sipt certified

Canadian Developer of **StickKids** software presents

An interactive workshop on **StickKids** – software and activity kit that supplies user friendly home, school and clinical strategies to support sensory processing and motor challenged children. **StickKids** easily creates sensory diets and functional event visuals, tracking sheets, planners and games with over 125 activity pictures to select from. This **StickKids** workshop is geared for therapists, parents, teachers, caregivers, and other allied health professionals. The workshop fee can be with or without product. Come and learn more sensory strategies and effective delivery!

### LEARNING OBJECTIVES:

- Guiding principles & philosophy of **StickKids**
- Clarification of sensory processing, sensory integration, & cognitive motor learning frameworks as applied within **StickKids**
- “Walk through” the software - including customization features
- Practical application tips and uses of the various planners, trackers, activity cards & games
- Use visuals from an OT perspective
- Fun Demos of therapeutic regulation strategies in **StickKids**
- Learn the tricks to the Critter Meter and the Just Right Kid
- Case studies and questions
